

STRADA

IN THE GROVE

BEVERAGE PACKAGES

For group dining events

OPTION 1 — A LA CART | Beverages charged as ordered

- Guests may order available wine by the glass or bottle, beer, cocktails and non-alcoholic beverages from Strada's current offerings
- Unless individual payment has been approved in advance, all beverage orders will be added to the event's final bill.
- If guests will pay for their own beverages, that arrangement must be approved by Strada and written in the Food & Beverage Notes of the event agreement.

OPTION 2 — WINE BY THE BOTTLE | Host-selected wines with an agreed bottle limit

- Select one or more wines from Strada's current wine list. These will be the event's designated wine selections, and our team will refill guests' glasses during service.
- Confirm the selected wines and the maximum number of bottles that may be opened with the event coordinator at least seven (7) days before the event. Both must be written in the Food & Beverage Notes of the event agreement.
- Strada will notify the authorized coordinator as the agreed bottle limit approaches. Additional bottles will be opened only with authorization and will be added to the final bill.
- If additional bottles are approved, Strada will attempt to continue with the selected wine but may substitute a comparable option when necessary due to availability.
- A balanced selection of at least one red and one white is recommended. Additional choices may include rosé, prosecco, mimosa pitchers, bellini pitchers, and red, white or rosé sangria pitchers.
